I'm going to push this with Tasha- your folks should not be bothered directly by the store. If a limit needs to be raised, that opportunity should be discussed between our respective integrity teams.

Until Tasha returns from spring break- please ask your customer service teams to direct stores with similar inquiries to their pharmacy supervisors or Wag Rx Integrity team.

Hi Vicki,

As I mentioned earlier, Josie from Walgreens store #07831, account # 95588 called this morning to inquire about her oxycodone limit. She currently has reached her limit of 6000 pills for this month and is asking if there is any way she could increase her limits, as she is located near two hospitals and would be in need of more.

Please advise if this could be done for her store?

Thank You,

**Shaeen Suraj-Persad**
